

KRISHNA GOLWALA

Surat , Gujarat, India

Email: golwalakrishna211@gmail.com | LinkedIn: linkedin.com/in/krishnagolwala | GitHub: github.com/krishnagolwala

PROFESSIONAL SUMMARY

Passionate Web Developer with strong academic foundation in computer applications and hands-on experience in building functional, user-centric web applications. Recent BCA graduate currently pursuing MCA with specialization in Web Development and Advanced Software Engineering. Proficient in full-stack development with expertise in PHP, MySQL, JavaScript, HTML5, and CSS3. Demonstrated ability to deliver scalable, maintainable code through multiple successful projects including e-commerce platforms and management systems. Committed to continuous learning and applying modern development practices.

EDUCATION

Master of Computer Applications (MCA) | 2nd Semester (Pursuing)

Sarvajanik College of Engineering & Technology (SCET), Surat

Expected Graduation: 2027 | Specialization: Web Development & Advanced Software Engineering

Bachelor of Computer Applications (BCA) | Graduated 2025

SDJ International College, Surat

Focus: Web Development & Database Management | Strong academic performance in programming fundamentals

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript, Responsive UI/UX Design

Backend Development: PHP, MySQL, Database Management

Programming Languages: C, C++, Object-Oriented Programming (OOP), Data Structures & Algorithms

Tools & Technologies: Git, GitHub, Visual Studio Code, XAMPP, Local Server Environment

Core Competencies: Full-Stack Web Development, Database Design, CRUD Operations, Authentication Systems, Session Management, API Integration

PROJECTS

SCET InfraDESK - Infrastructure Management System | *PHP, MySQL, HTML, CSS*

- Created an infrastructure management system for educational institution to streamline resource allocation and tracking
- Implemented user authentication and role-based access control for secure data management
- Developed efficient PHP backend with MySQL integration for handling infrastructure requests and maintenance records

Digi Bouquet - Modern Web Application | *JavaScript, HTML5, CSS3*

- Built a responsive web application featuring modern UI/UX design principles with seamless user experience
- Implemented interactive JavaScript functionality for dynamic content updates and user interactions
- Utilized semantic HTML5 and custom CSS3 styling to create an aesthetically pleasing and accessible interface

Personal Portfolio Website | *HTML5, CSS3, JavaScript*

- Developed responsive portfolio website showcasing projects, skills, and professional achievements
- Implemented smooth scrolling, interactive UI elements, and cross-browser compatibility for optimal user experience

ADDITIONAL INFORMATION

- Active GitHub profile with multiple repositories demonstrating coding skills and project work
- Strong problem-solving abilities with focus on clean, maintainable, and scalable code
- Committed to continuous learning and staying updated with latest web development trends and technologies
- Experience in working with development workflows including version control (Git) and collaborative coding practices
